

# WIND REGIONS AUSTRALIA

Wind Regions are derived from Australian Standards AS/NZS 1170.2:2021

Regions are marked with the letters A (A0 to A5), B1, B2, C and D. Coastal region boundaries are smooth lines set in from a smoothed coastline by 50, 100, 150 and 200 km. Islands within 50 km of the coast are designated in the same region as the adjacent coast.
